January is a month of "New Year's Resolutions". A resolution is a firm or determined decision to do or not the do something. But in graphic art, it is the ability for an image to reproduce fine detail. With those definitions in mind, January is a month that we can look at the fine details of our life and see where we can be more and more bearers of the image of Christ. You are individually designed by God from your DNA to your fingerprints. You are unique. Remember that like a snowflake you are a fearfully and wonderfully made creation to be the reflection of Christ to the world.
